

Safety Data Sheet

ioRinse™ RTU Oral Rinse (Cinnamon Flavor)

Section 1 Product and Company Identification

Product Name:	ioRinse™ RTU Oral Rinse (Cinnamon Flavor)
Part Number:	SQ9014785 – 1 liter (33.8 fl oz) bottle SQ3741575 - Case of 12 (1 liter) bottles
Recommended Uses:	Ready-to-use oral rinse
Caution:	Suitable for use by individuals, ages twelve and up without supervision; ages six to twelve with supervision and not suitable for children under six years of age or for persons with known sensitivity to any of the ingredients.
Manufacturer:	ioTech International, Inc.
Address:	6560 East Rogers Circle Boca Raton, FL 33487 USA
Emergency Phone Number:	(561) 509 - 0205 Ext 5
Regulatory Contact Number:	(561) 509 - 0205 Ext 2

Section 2 Hazard Identification

GHS Classification:	Eye irritants– Category 2, 2A or 2B
EPA Category:	Category II or III ocular irritants
Hazard Statements:	This product rarely presents a problem when used according to directions. It is safe for its intended use. As with all consumer products, individuals may have allergic reactions from skin contact, such as temporary change in taste sensation, redness, rash or swelling. Eye contact may produce temporary irritation.
Hazard Class/Category:	Not categorized as hazardous.
Hazard symbol:	No Symbol.

Section 3 Composition/Information on Ingredients

Chemical Name	CAS-Number	Percent Composition
Citric Acid	77-92-9	N/A
Potassium Iodide	7681-11-0	N/A
Potassium Iodate	7758-05-6	N/A
Cinnamon Flavoring	N/A	N/A
Sodium Saccharin	128-44-9 (anhydrous form) 6155-57-3 (di hydrated form) 82385-42-0(6% hydrated form)	N/A
Sodium Carbonate	497-19-8	N/A
Zinc Gluconate	4468-02-4	N/A
Water	N/A	N/A

Composition comments:

The exact % concentration of composition has been withheld as a trade secret in accordance with OSHA HCS 1910.1200.

Section 4 First Aid Measures

Eye Contact:

If eye contact occurs, hold eye open and flush with a steady gentle stream of water for fifteen minutes. If any symptoms persist, seek medical attention.

Skin Contact:

This product is expected to contact with skin. If skin irritation develops seek medical attention.

Ingestion:

Ingestion of large amounts may cause stomach irritation. Drink a glass of water. If irritation persists seek medical attention.

Inhalation:

Under normal conditions of use, this product is not expected to be an inhalation hazard.

Indication of any immediate medical attention and special treatment needed:

Provide general support measures and treat symptomatically. In case of shortness of breath, provide oxygen. Symptoms may be delayed. No specific antidotes are recommended.

Section 5 Fire Fighting Measures

Flashpoint:	N/A
Flammable Limits:	N/A
LEL (Lower):	None
UEL (Upper):	None
Suitable Extinguishing Media:	In case of fire, use a fire fighting agent suitable for ordinary combustible material such as water or foam to extinguish.
Unsuitable Extinguishing Media:	None known.
Specific hazards arising from the chemical:	During fire, gases hazardous to health may be formed.
Special Fire Fighting Procedure:	Wear suitable protective equipment. Self-contained breathing apparatus and full protective clothing must be worn in case of fire.
General fire hazards:	This product is non-flammable.

Section 6 Accidental Release Measures

Personal precautions, protective equipments and emergency procedures:	Avoid contact with eyes. Keep people away from the spill/leak. Wear appropriate personnel protective equipment. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ensure adequate ventilation. Local authorities should be advised if significant spillage cannot be contained.
Methods and materials for containment and cleaning up:	<i>Large spills:</i> Stop the flow of material immediately, if this is without risk. Absorb in dry sand or vermiculite and place into containers. Prevent entry into waterway, sewer, basements or confined areas. After cleanup, flush area with water. <i>Small spills:</i> Wipe up with absorbent material (e.g cloth, fleece). Clean surface thoroughly to remove residual contamination.

Section 7 Handling and Storage

<i>Precautions for safe handling:</i>	Handle in accordance with good industrial hygiene and safety practice. Avoid contact with eyes. Wear appropriate personal protective equipment. Observe good industrial hygiene practices. When using product, do not eat, drink or smoke. Wash hands thoroughly after handling. Use care in handling/storage. Keep out of reach of children.
<i>Conditions for safe storage:</i>	Keep cap tightly closed in its original container for maximum freshness. Store in a cool, dry place out of direct sunlight.

Section 8 Exposure Controls/Personal Protection

<i>Occupational Exposure Limits:</i>	No exposure limits noted for this product.
<i>Personal Protective Equipment:</i>	N/A
<i>Exposure guidelines:</i>	There is no exposure data pertaining to the product.
<i>Eye/face protection:</i>	Wear approved safety glasses with side shields.
<i>Skin and Body Protection:</i>	No special protective equipment required.
<i>Hand Protection:</i>	Follow standard industrial hygiene practices.
<i>Respiratory Protection:</i>	No protective equipment is needed under normal use conditions.
<i>General Hygiene Considerations:</i>	Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and immediately after handling the product. Do not swallow. Routinely wash work clothing and protective equipment to remove contaminants. Contaminated work clothing should not be allowed out of the workplace.

Section 9 Physical and Chemical Properties

Physical State:	Liquid
PH:	4.0 - 5.0
Color:	Light amber

Odor:	None
Odor Threshold:	No information available
Solubility:	Soluble in water
Partition coefficient water/n-octanol:	No data available
Viscosity:	No data available
Specific Gravity:	1.04
Density:	No data available
Flash Point:	No data available
Melting Point:	No data available
Freezing point:	-1.0°C (minus one degree centigrade)
Boiling Point:	100°C (boiling range not applicable)
Evaporation Rate:	No data available
Flammability:	No data available
Decomposition Temperature:	No data available
Auto-ignition Temperature:	No data available
Vapor Pressure:	No data available
Vapor Density:	No data available
Specific materials to be avoided:	Strong oxidizing agents

Section 10 Stability and Reactivity Information

Reactivity:	No data available.
Stability:	Product is stable under normal storage condition.
Possibility of Hazardous Reactions:	No dangerous reaction known under conditions of normal use. Hazardous polymerization does not occur.
Incompatibility/Materials to Avoid:	Strong oxidizing agents.
Hazardous Decomposition Products:	Irritating and/or toxic fumes and gases may be emitted upon product decomposition.
Conditions to Avoid:	Contact with incompatible materials.

Section 11 Toxicological Information

Symptoms/Effects of Over-exposure:	None Known.
Skin contact:	May cause skin irritation in very sensitive individuals.
Eye contact:	May be irritating to eye.
Ingestion:	Health injuries are not known or expected under normal use.
Information on toxicological effects	
Acute toxicity:	Health injuries are not known or expected under normal use.

Carcinogenic effects: No known significant effects or critical hazards
Mutagenic effects: No known significant effects or critical hazards

Section 12 Ecological Information

There is no ecological data on the product. The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios.

Ecotoxicity: No information available
Persistence and degradability: No information available
Bioaccumulation: No information available
Other adverse effects: No information available
Environmental effects: No known significant effects or critical hazards
Other adverse effects: No known significant effects or critical hazards

Section 13 Disposal Considerations

Disposal in accordance with applicable regional, national and local laws and regulations. Do not allow this material to drain into sewers/water supplies. Dispose of containers with care. Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is emptied.

Section 14 Transport Information

DOT Classification: Not regulated as dangerous goods
(DOT- U.S. Department of Transportation)
TDG Classification: Not regulated as dangerous goods
(TDG - Canada Transportation of Dangerous Goods)
Packing Group: Not Regulated
IATA: Not Regulated
IMDG: Not Regulated
Special Provisions for Transport: Not applicable

Section 15 Regulatory Information

Cosmetic Product: Regulated under the current Federal Food, Drug & Cosmetic Act (FD&C Act) in the United States

Cosmetic Product: Regulated under the Food and Drugs Act and Canadian Cosmetic Regulations in Canada

Section 16 Other Information

Issue Date: 06-01-2020

Section 17 Additional Information
